Better Meeting Rooms

HOW TO CAPTURE A ROOM

STEP BY STEP WITH BMR MOBILE

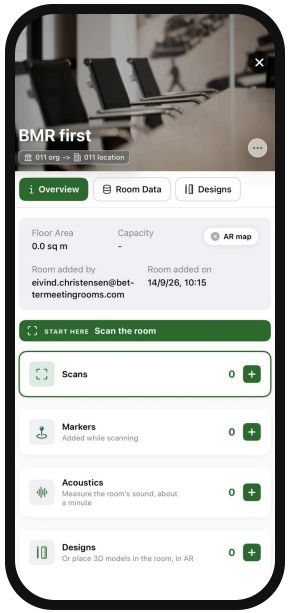

Let's get started!

YOUR MISSION

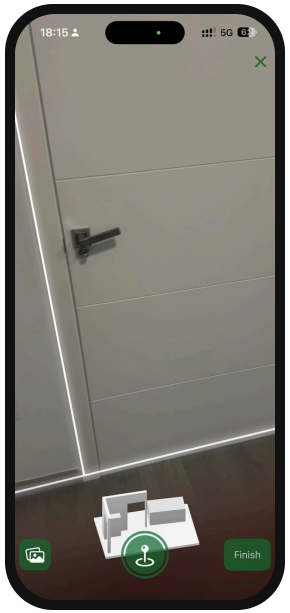

ONE ROOM · FIVE STEPS · ABOUT 10–15 MINUTES

1

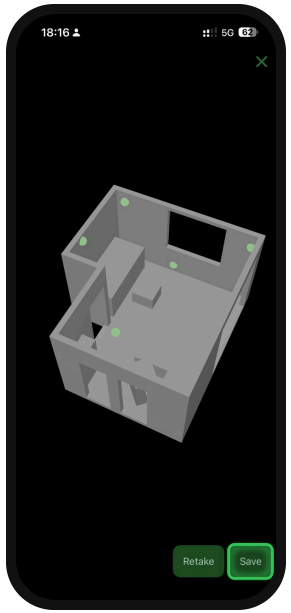

FIND THE ROOM

2

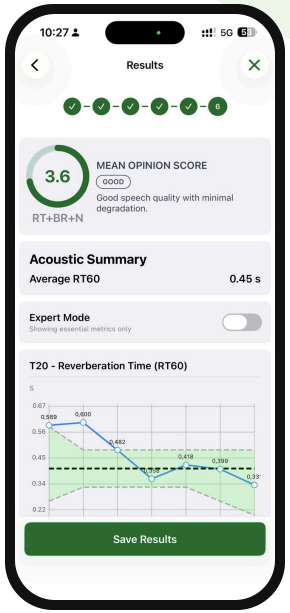

SCAN + MARKERS

3

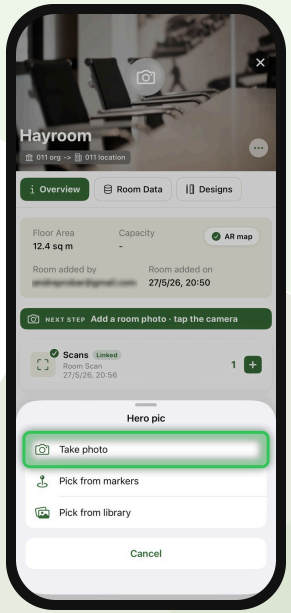

SAVE

4

ACOUSTICS

5

ROOM PHOTO

DONE = SCAN ✓ · MARKERS ✓ · ACOUSTICS ✓ · ROOM PHOTO ✓

BEFORE YOU GO

- ◯ BMR Mobile installed
- ◯ Your invitation email
- ◯ A speaker — Bluetooth or the room's video system
  Will yours work? Try the **Loudspeaker Check** in the BMR docs
- ◯ Battery + Wi-Fi
- ◯ Room booked — and quiet

GET BMR MOBILE
Scan with your iPhone or iPad camera

	Recommended	Also works
iPhone	15 Pro or newer	12 Pro / Pro Max or newer
iPad	iPad Pro with LiDAR	iPad Pro 2020 or newer

! **LiDAR + iOS 26** or newer — no scanning without them.

Better Meeting Rooms

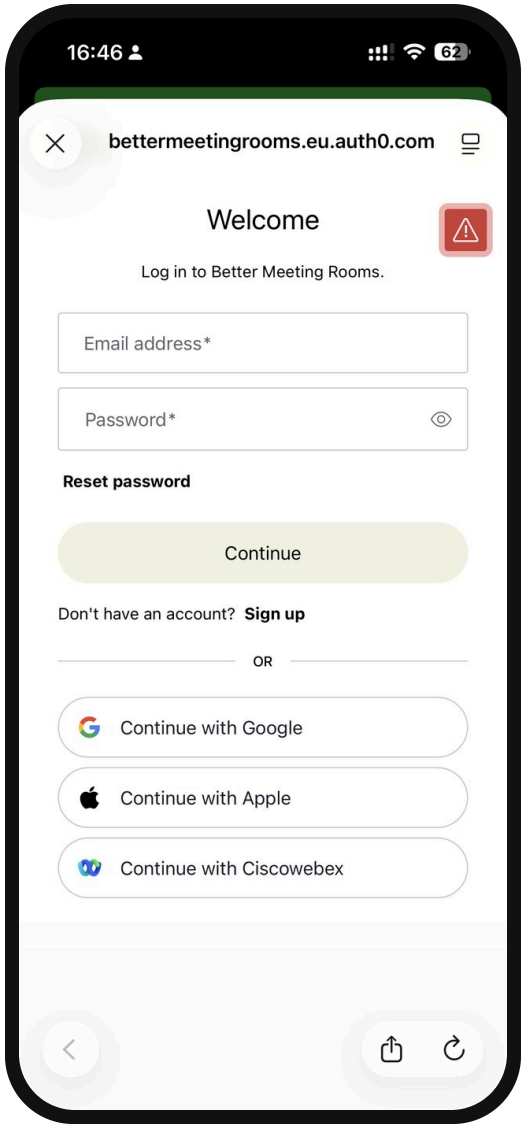

First things first...

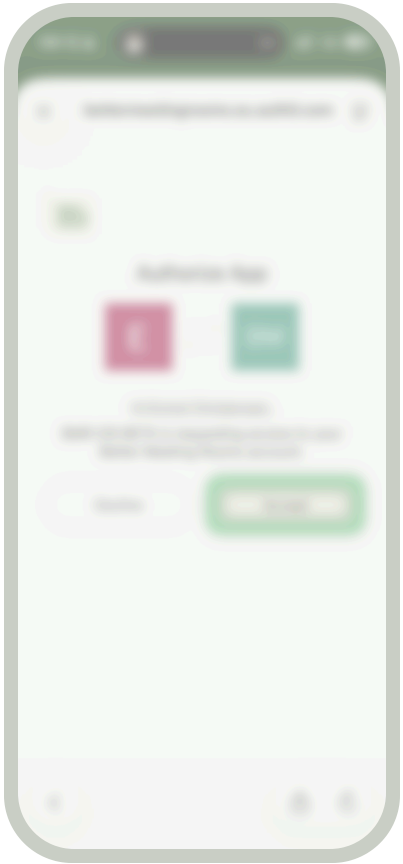

#0 – SIGN IN

SIGN IN

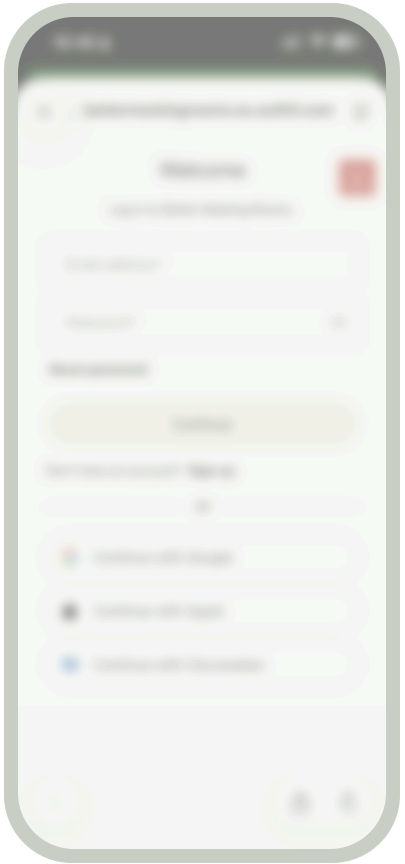

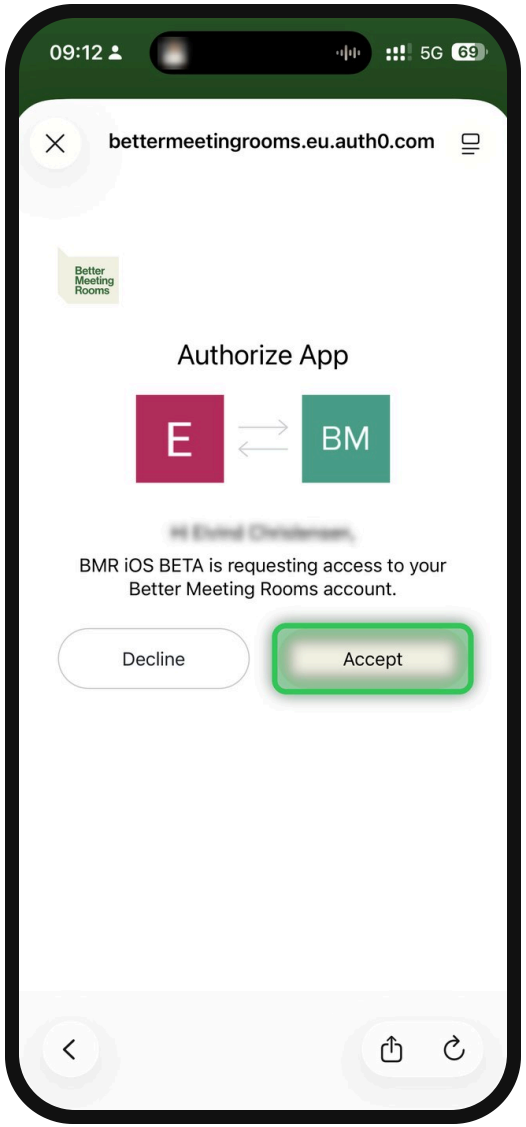

Use your **company** sign-in — or the **exact email** you were invited with!

Empty app, no rooms? **Wrong account.** Sign out and try again.

SIGN IN

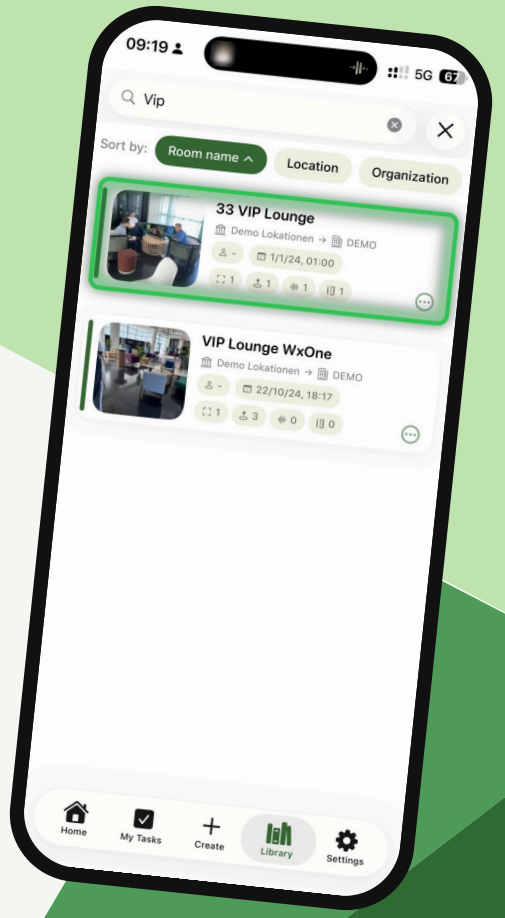

Tap **Accept** — and you're in!

Better Meeting Rooms

Where are we going?

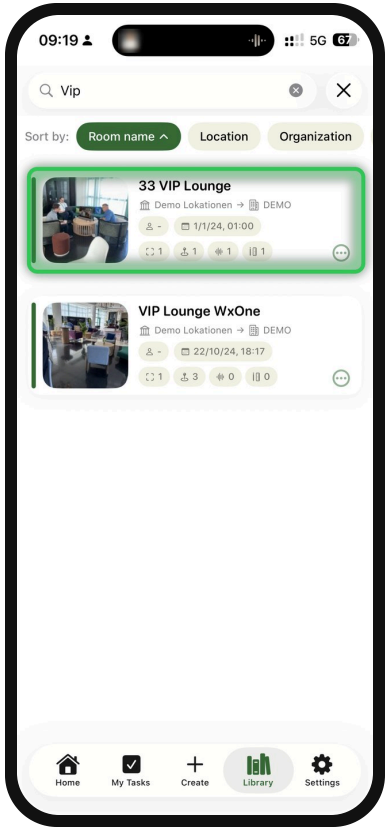

#1 – FIND YOUR ROOM

FIND YOUR ROOM

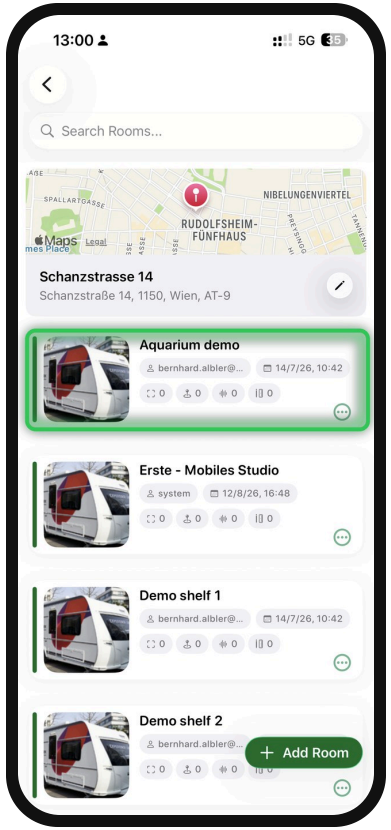

THREE WAYS TO GET THERE

Know the room name?

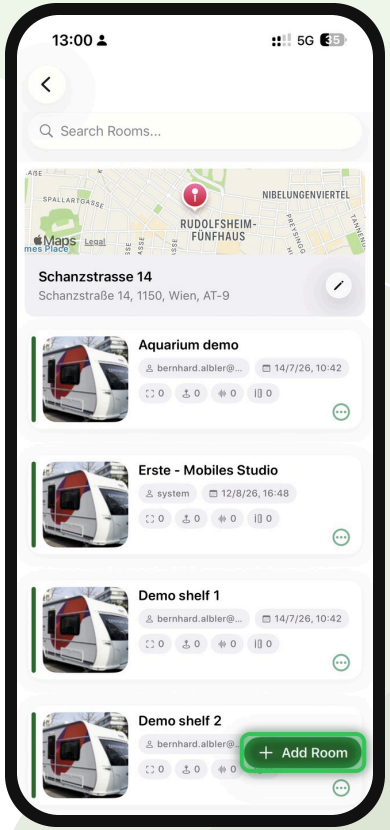

LIBRARY → SEARCH

Know the building?

HOME → LOCATION → ROOM

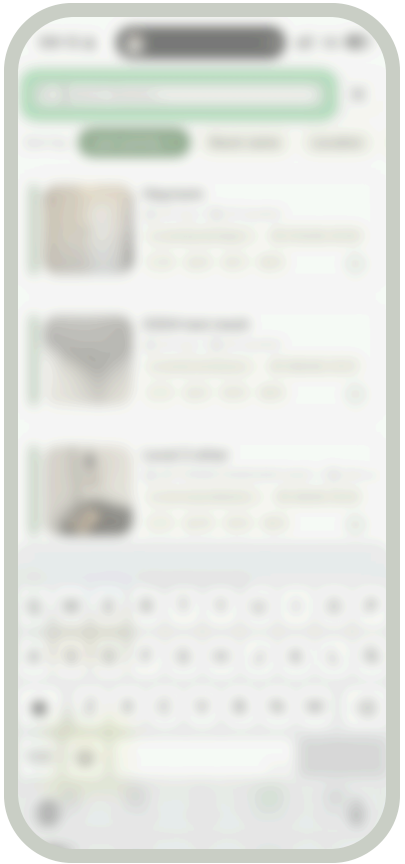

Room not there?

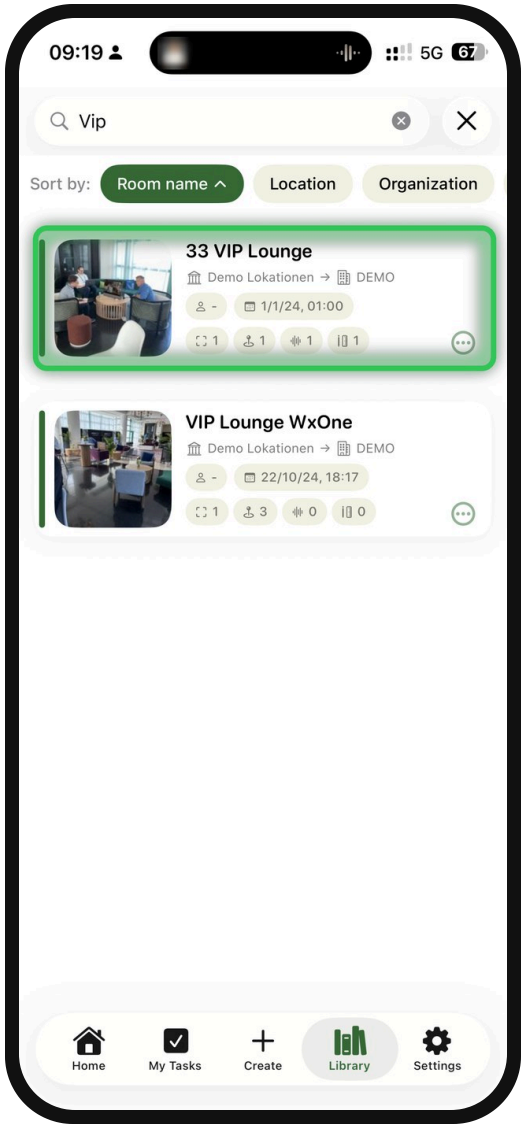

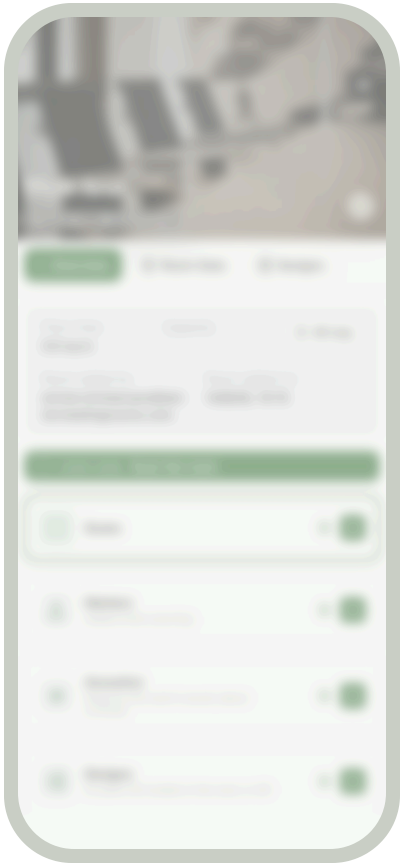

LOCATION → ADD ROOM

FIND YOUR ROOM

LIBRARY → SEARCH

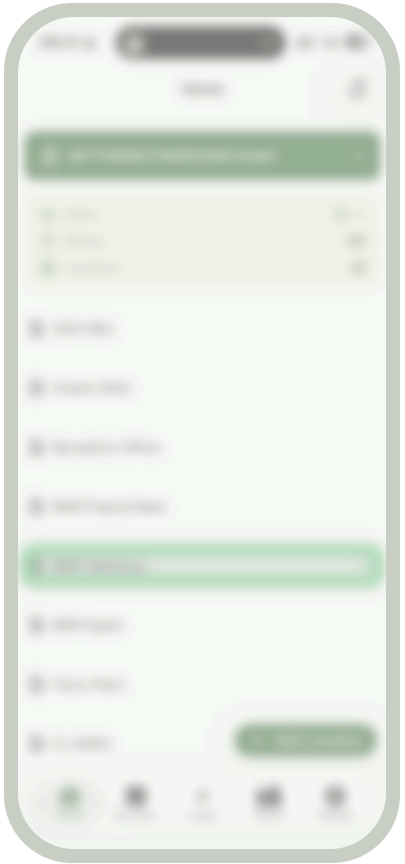

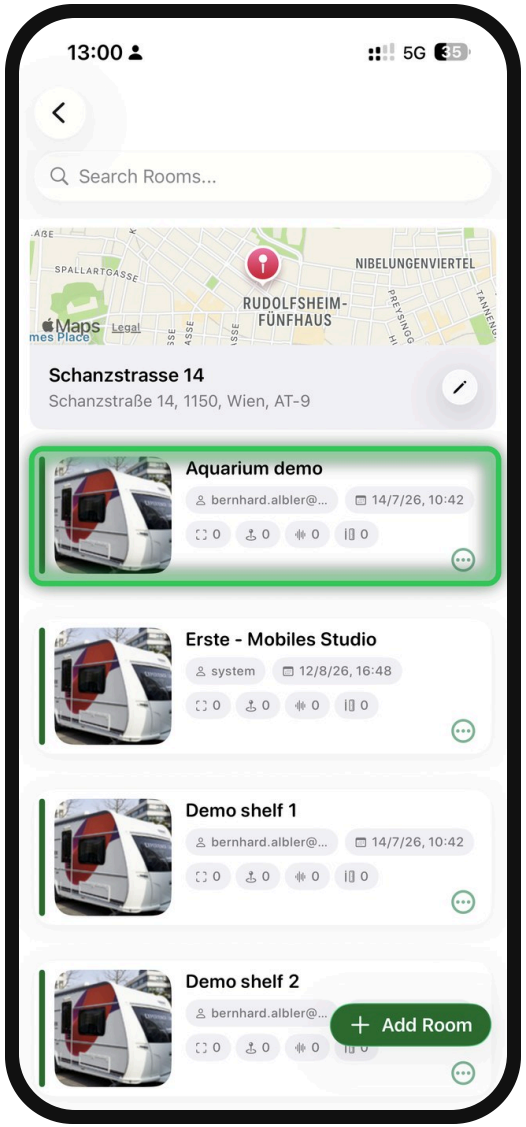

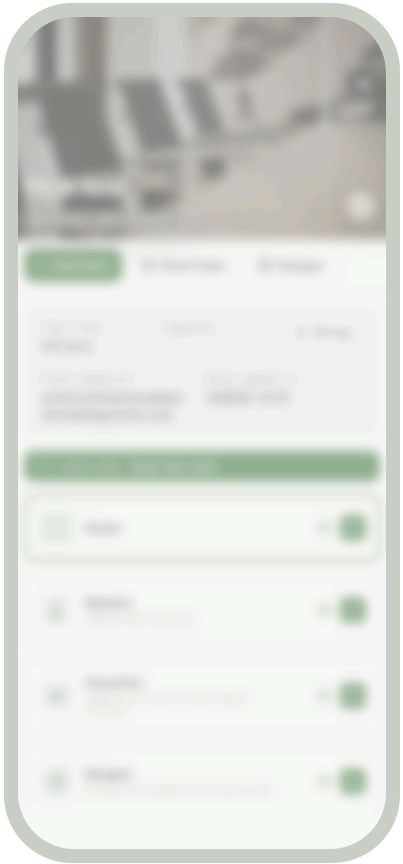

Quickest way: just **type the room name**.

FIND YOUR ROOM

HOME → LOCATION → ROOM

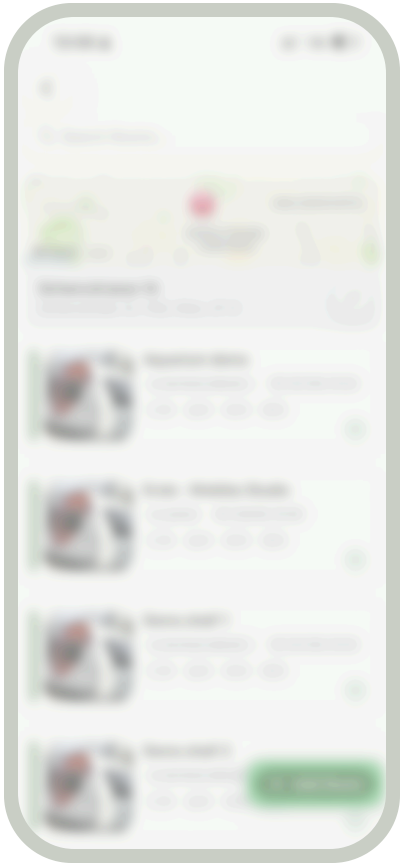

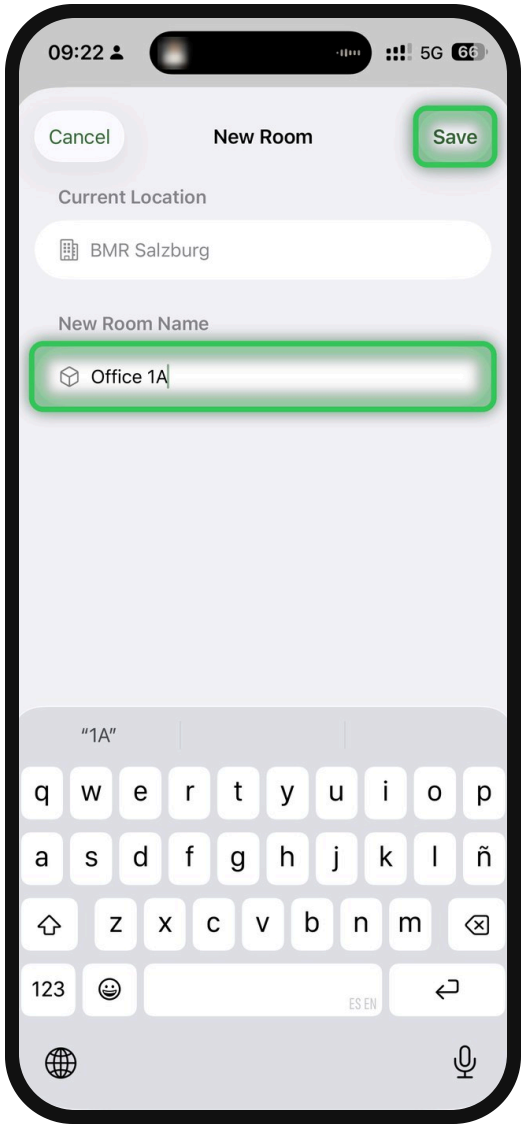

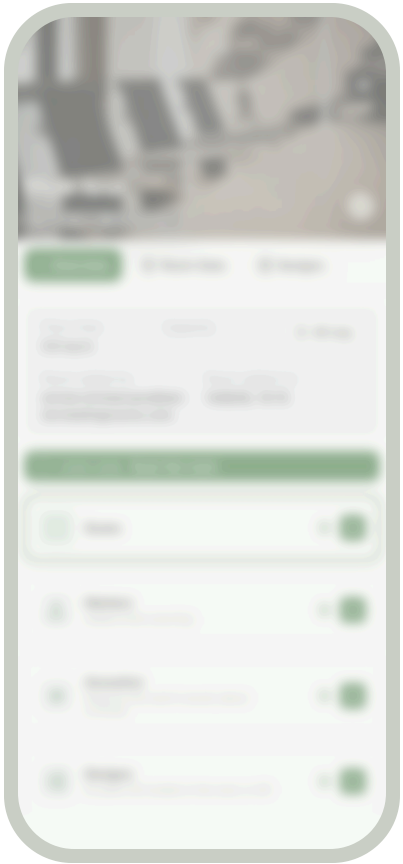

No name? Go via the **building** — then tap your room.

FIND YOUR ROOM

LOCATION → ADD ROOM

Room missing? **Add it** — name it like the sign on the door.

Search first — never create a room twice. No Add Room button? Ask your admin.

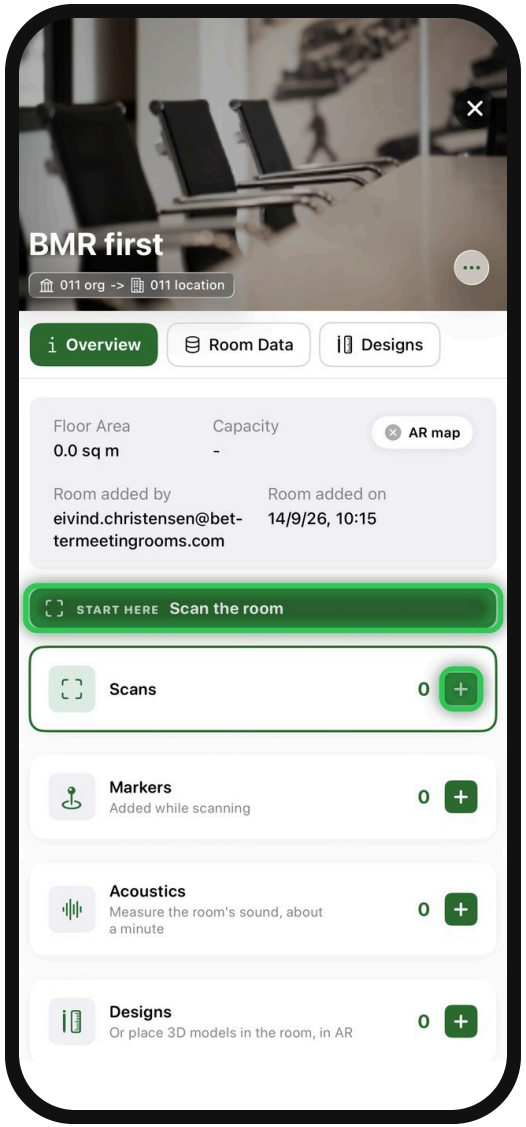

Better Meeting Rooms

Here comes the fun part!

#2 – SCAN + MARKERS

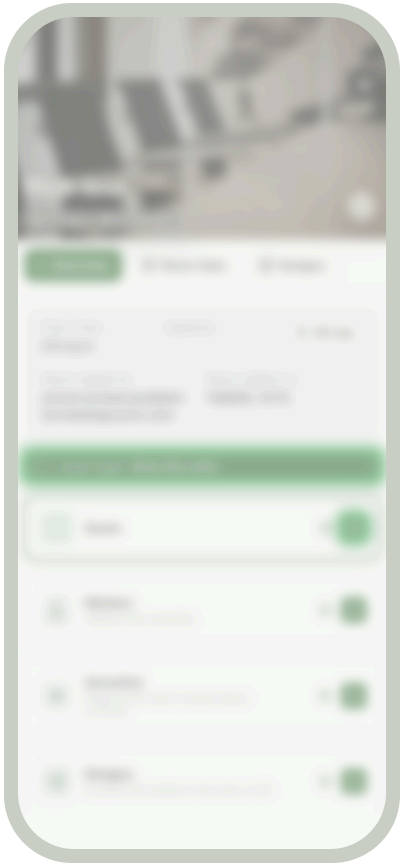

SCAN + MARKERS

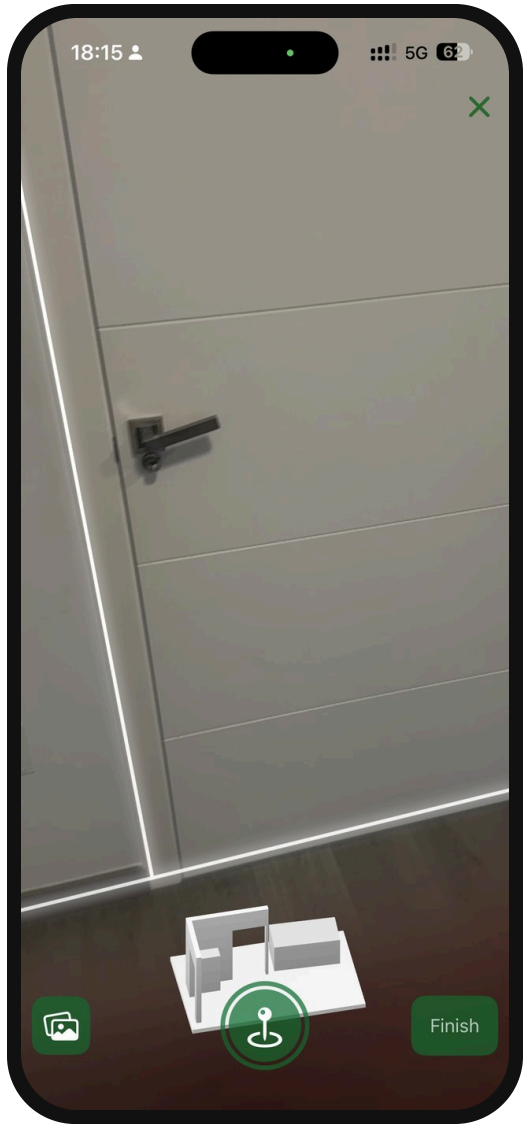

Always start with a new scan!

SCAN + MARKERS

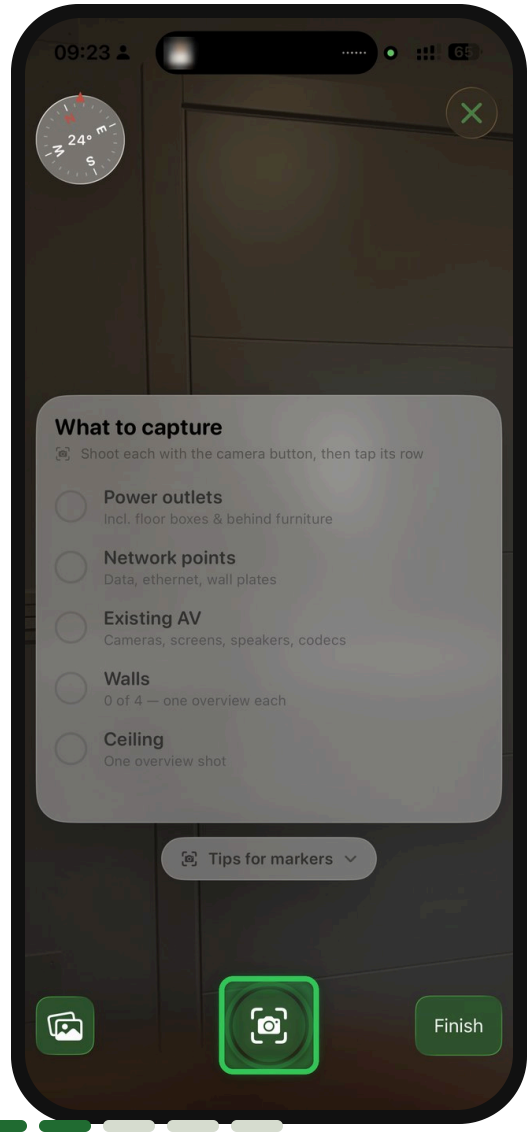

Walk **slowly**. Every wall, every corner, every door.

Tracking lost? Point the camera at a textured surface.

SCAN + MARKERS

MARKERS — BEFORE YOU TAP FINISH!

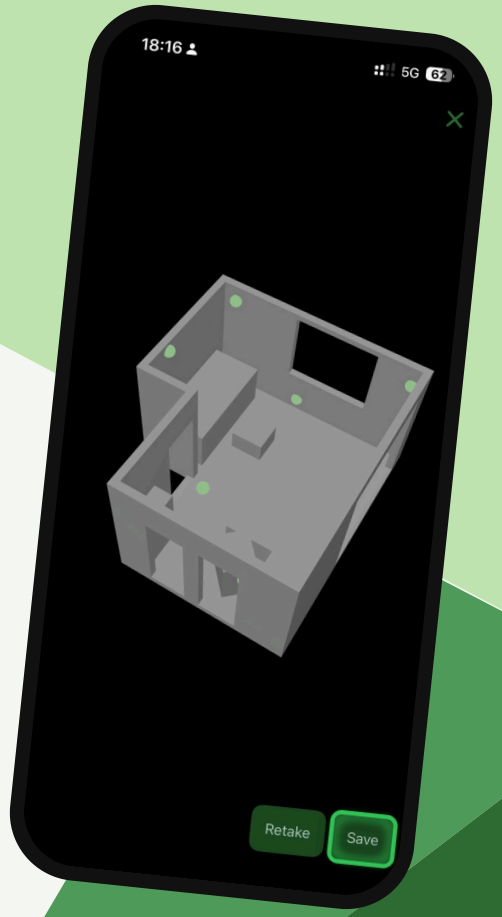

- **Power outlets**
  Wall sockets, floor boxes, behind furniture
- **Network points**
  Data, ethernet, wall plates
- **Existing AV**
  Cameras, screens, speakers, codecs
- **Walls**
  4 — one overview each
- **Ceiling**
  One overview shot

Tick off every marker that applies!

Especially important: **cable cubby, cables, microphones**. Aim for 10+.

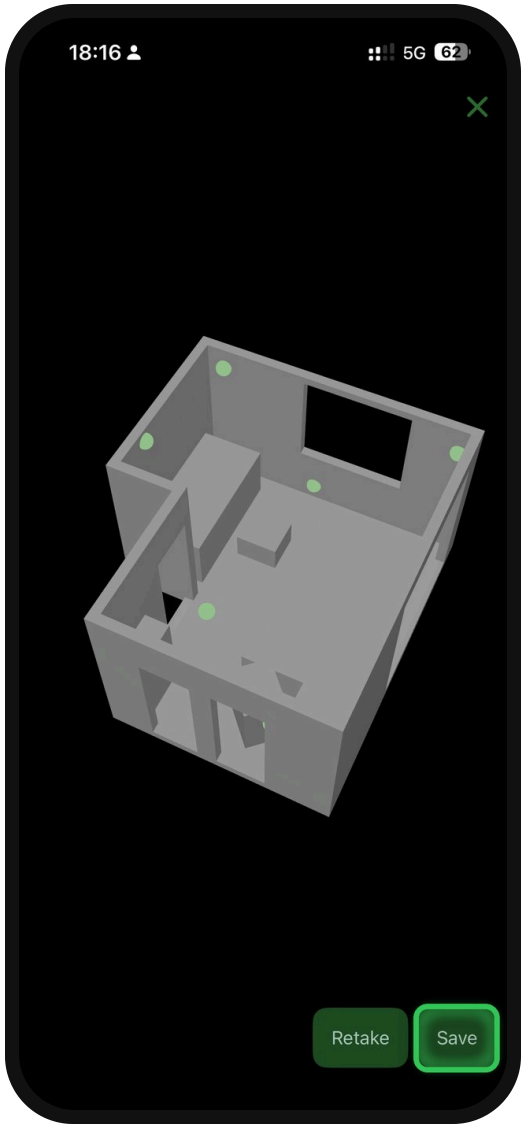

Looking good?

#3 – REVIEW & SAVE

REVIEW & SAVE

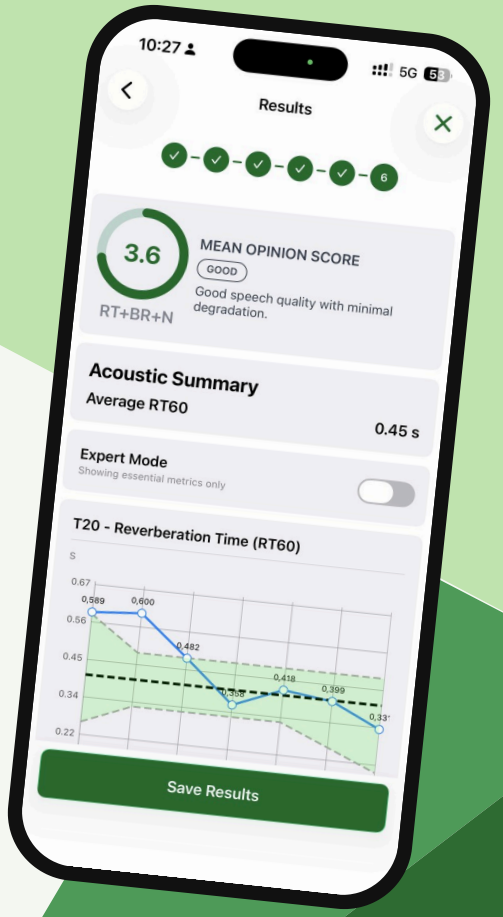

All walls there? **Save**. Gaps? **Retake**.

Check it **before** you leave the room.

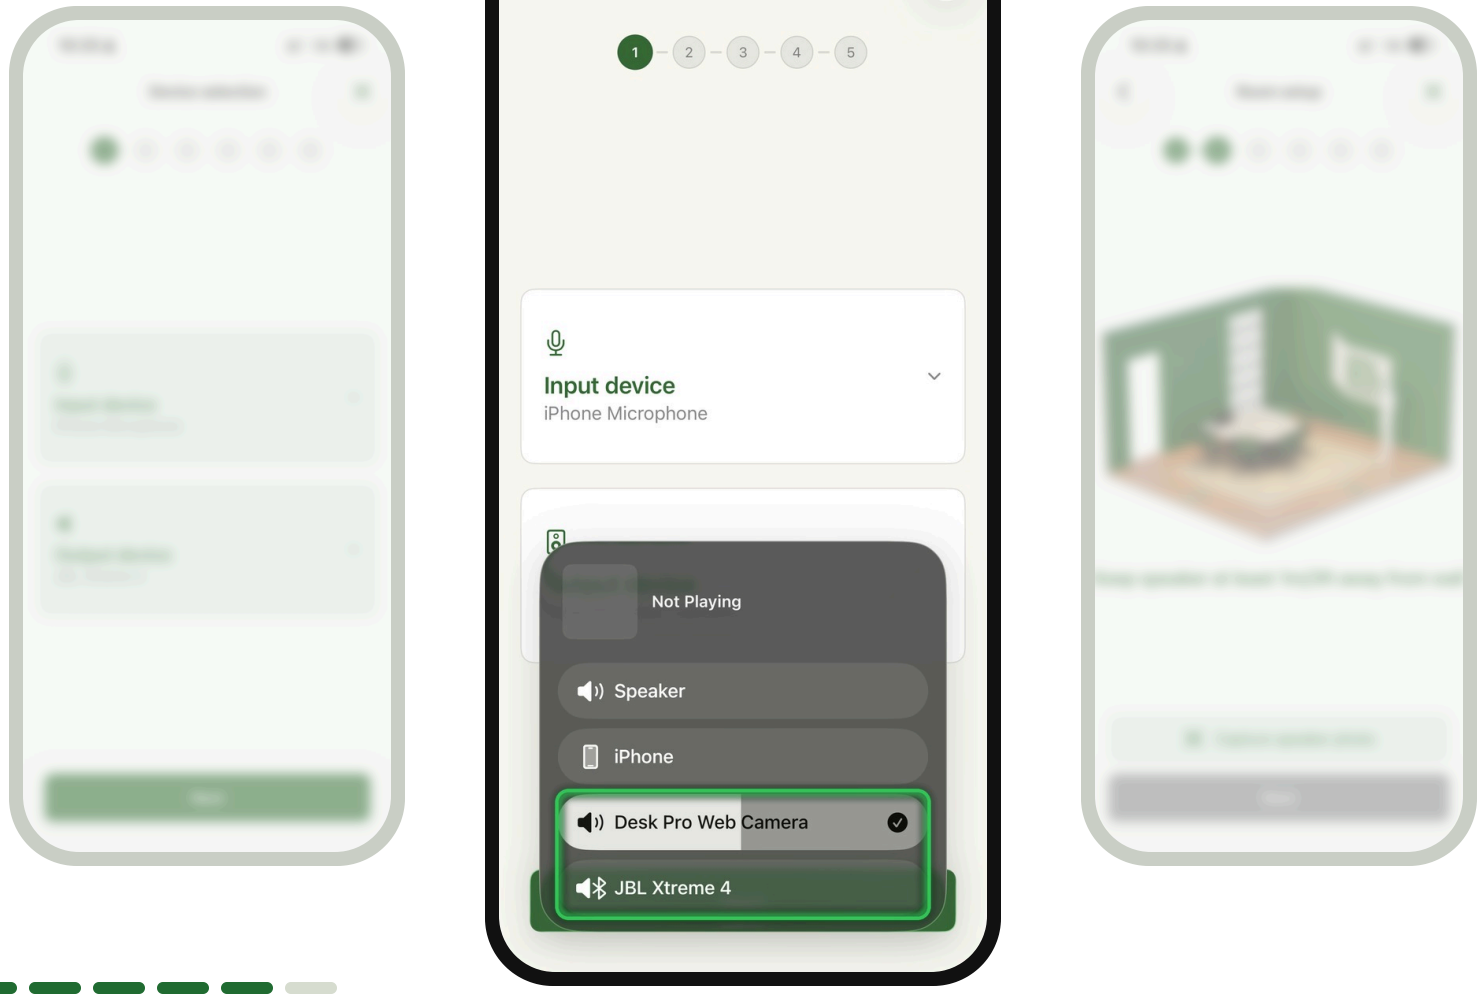

Better Meeting Rooms

Quiet please...

#4 – ACOUSTICS

ACOUSTICS

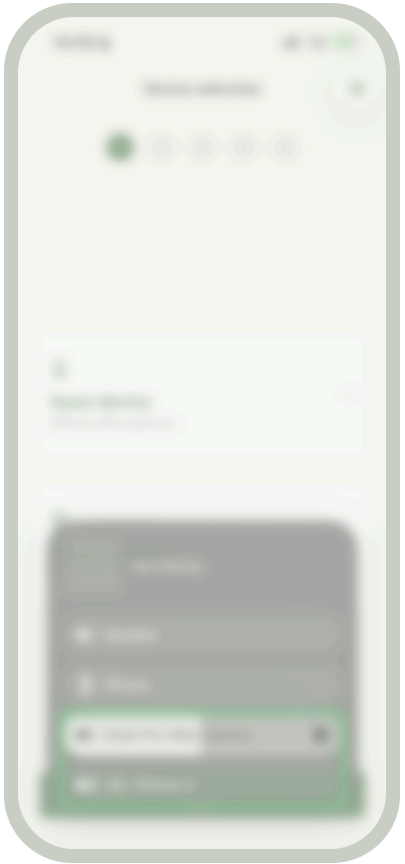

Choose your speaker as **Output device** — portable, or the room's video system.

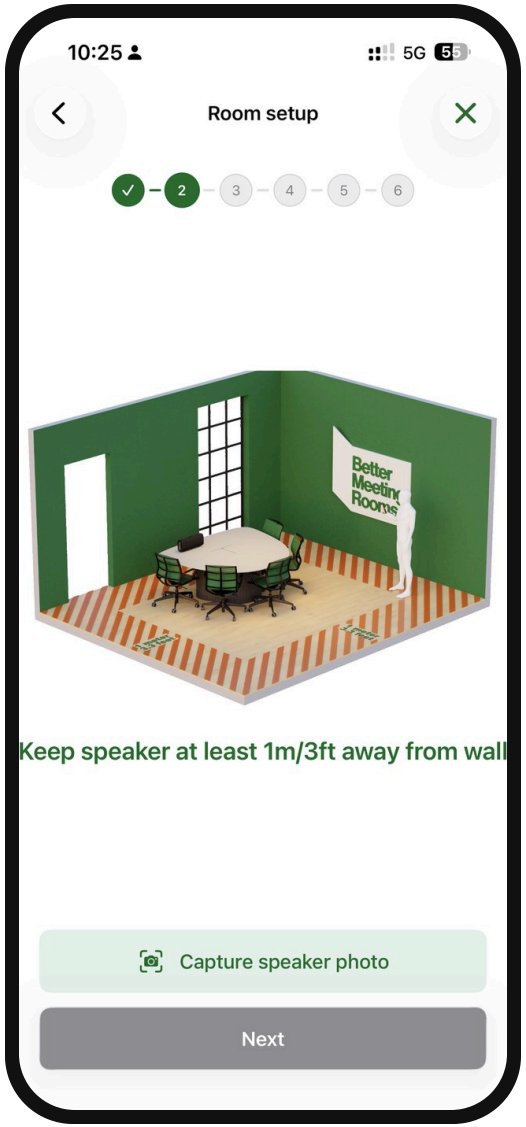

Connect it either way:

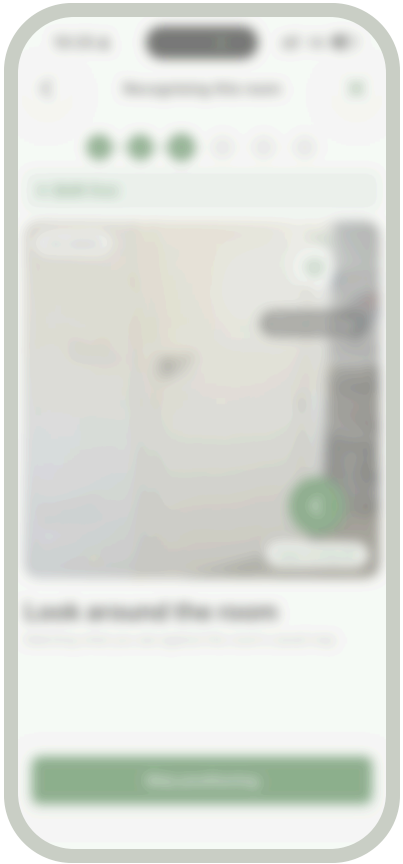

Wireless
Bluetooth or AirPlay

Wired
HDMI or USB cable

ACOUSTICS

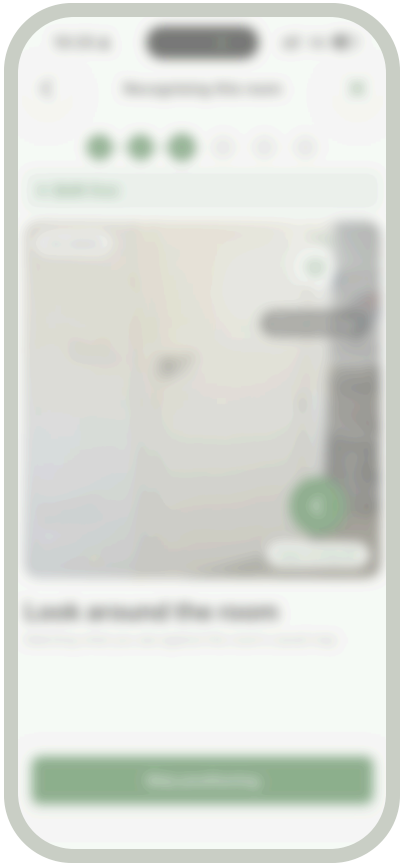

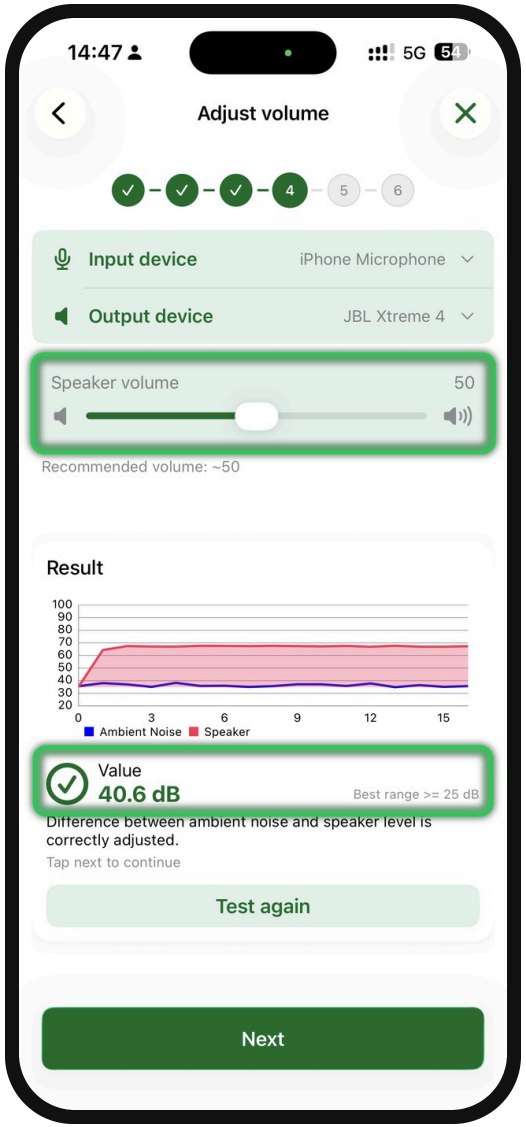

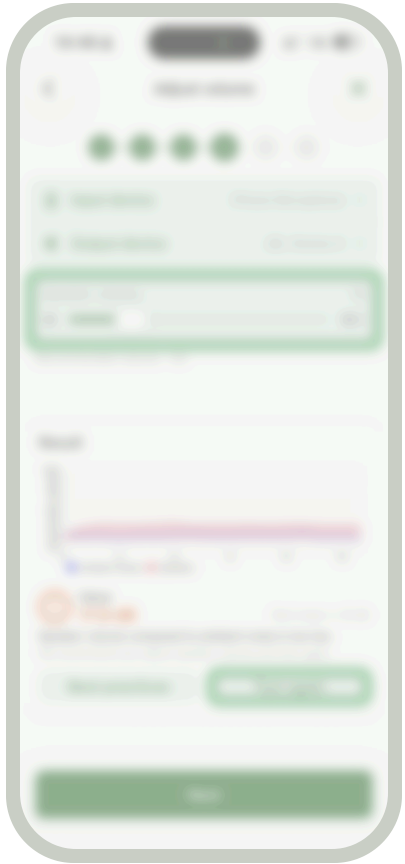

Speaker **1 m** from the wall. Doors closed, fans off!

ACOUSTICS

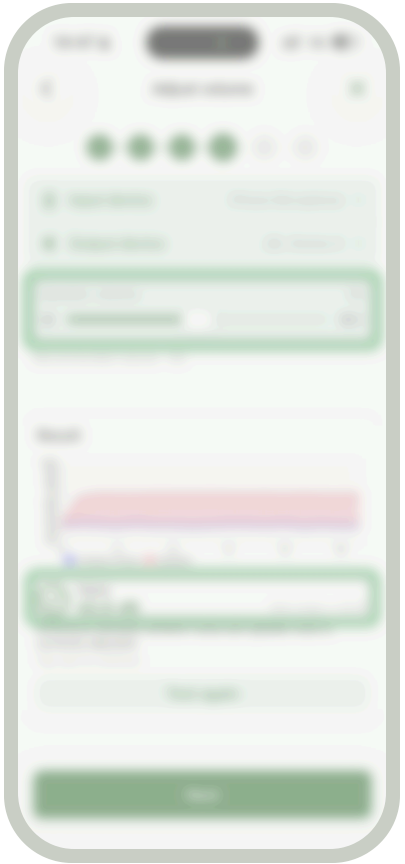

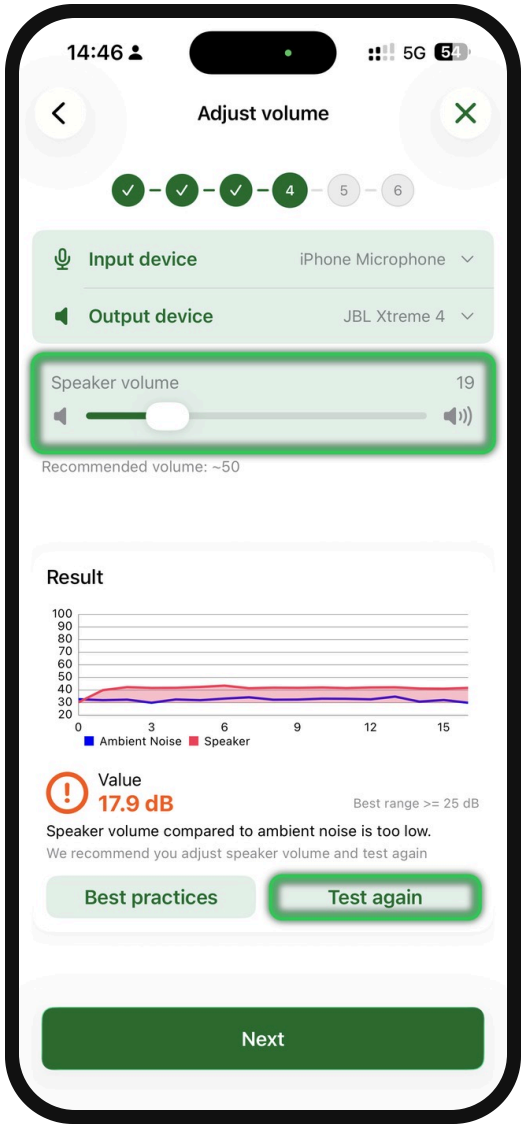

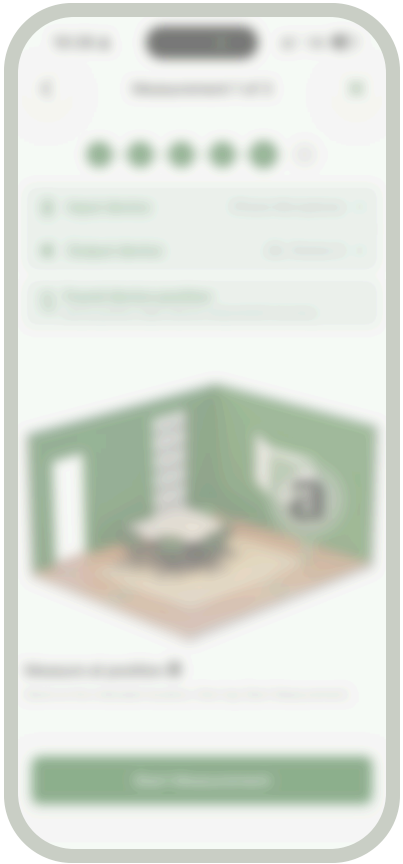

Start at volume **50**.
Tap **Test** — and wait for the result.

Got the ✓? Tap **Next**.

ACOUSTICS

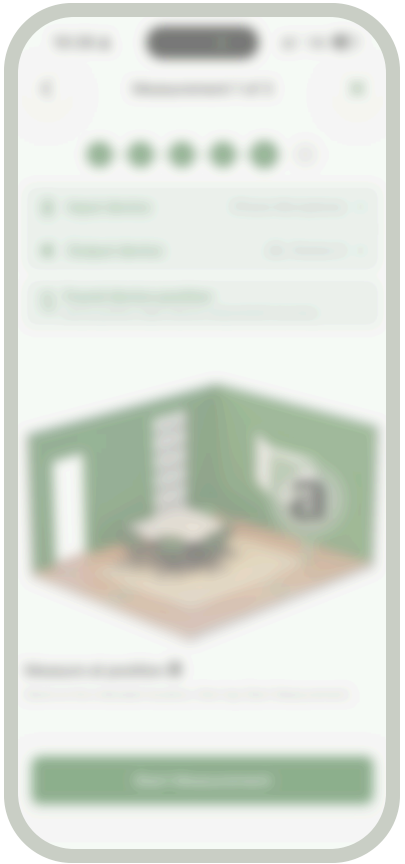

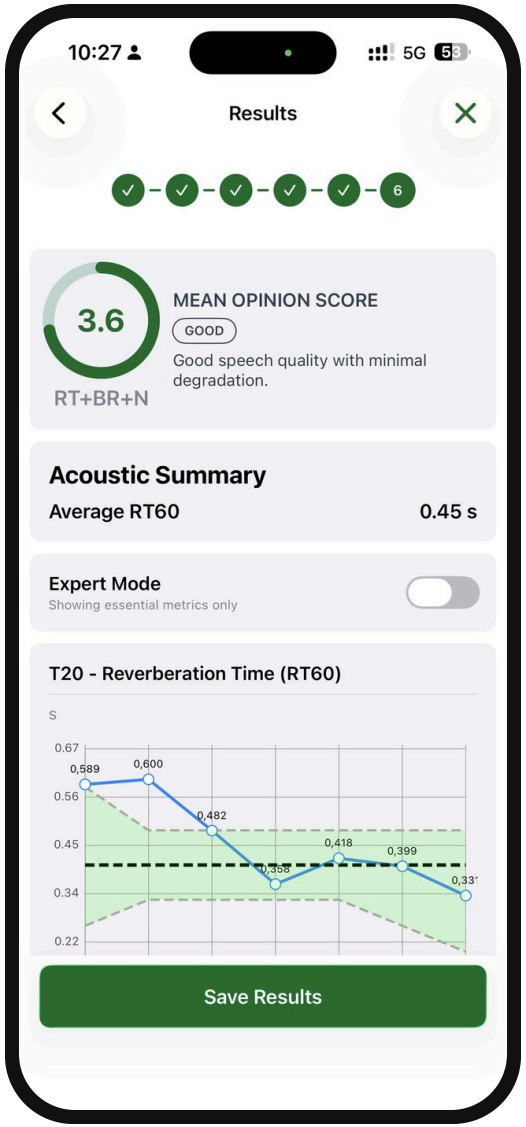

No ✓? Turn it up and tap **Test again**.

ACOUSTICS

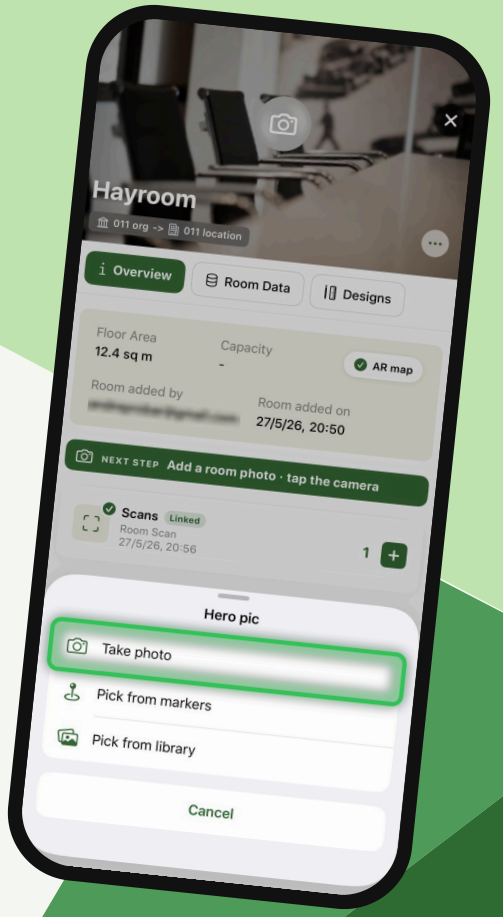

3 spots measured? **Save Results**!

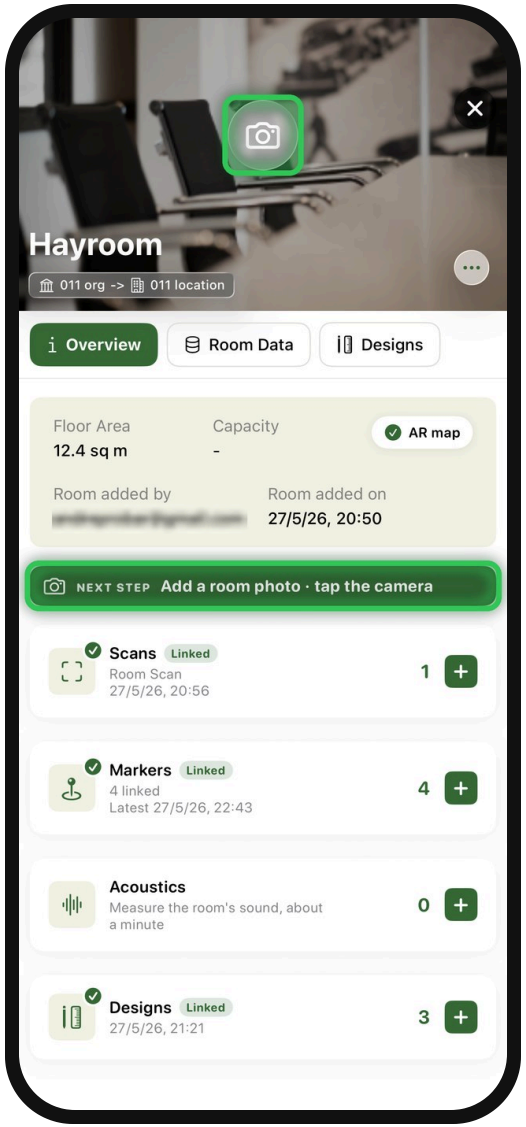

Better Meeting Rooms

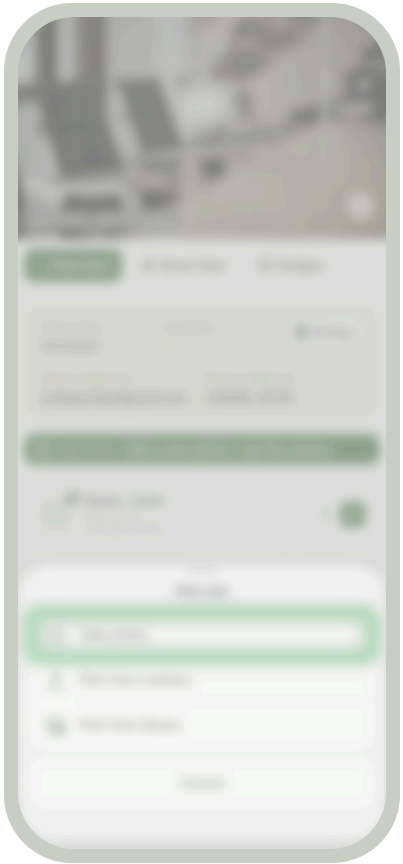

Be a BMR hero!

#5 – ROOM PHOTO

ROOM PHOTO

Tap the **camera** — whole room, no people!

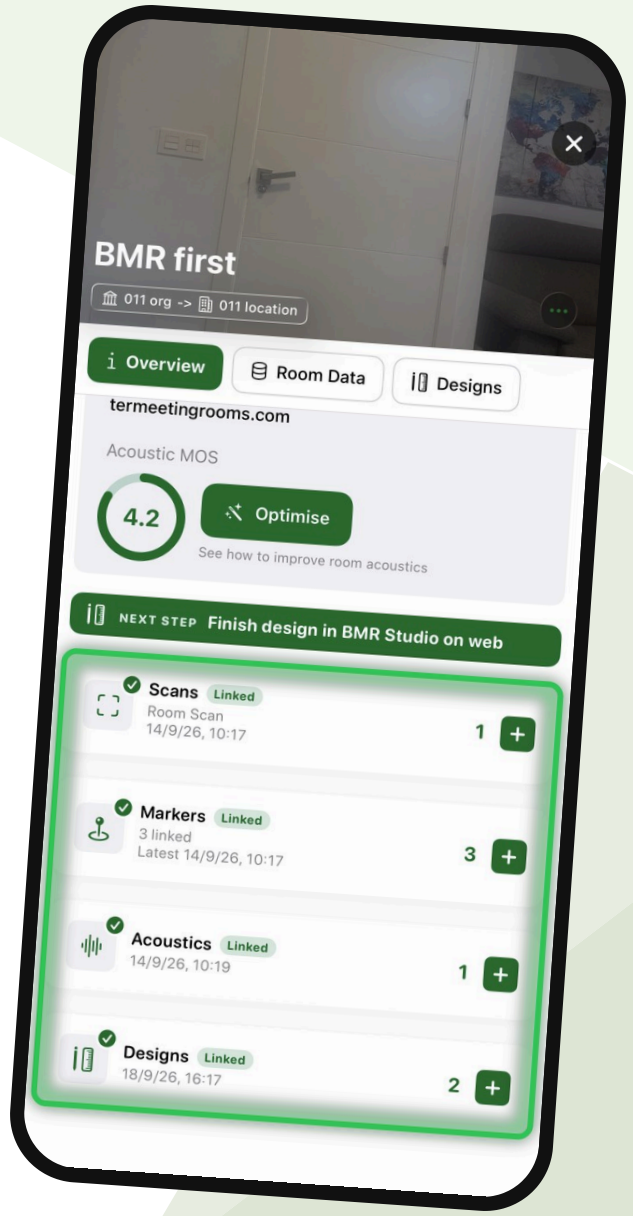

Landscape works best. Stand in a corner or at the door.

Better Meeting Rooms

ALL TICKED? YOU'RE DONE!

Thank you, BMR hero!

DONE = SCAN ✓ · MARKERS ✓ · ACOUSTICS ✓ · ROOM PHOTO ✓

STUCK?

- **No rooms / empty app**
  Sign in with your company account
- **Room not found**
  Browse via the building — or add it
- **Forgot markers**
  Room → Markers +, while still in the room
- **Volume never ✓**
  Louder speaker, centre of room, noise off
- **Upload failed**
  Nothing is lost — retry later

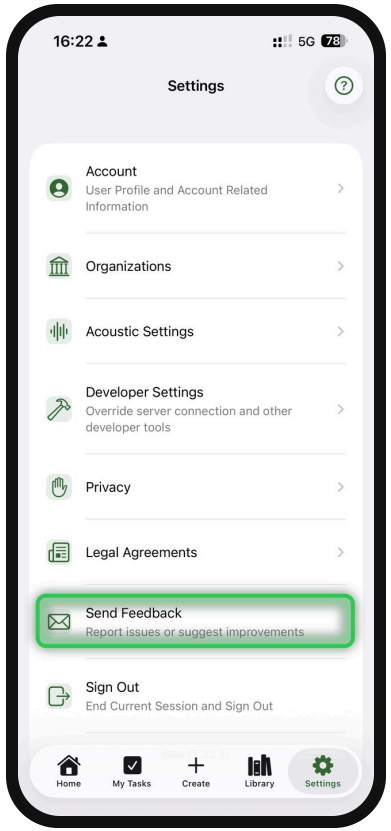

Still stuck?
